

### **Theatre review by Antonia B., grade 8a**

---

On Wednesday 19/1/22 some students of grade 8a put on an amazing performance at Realschule Rüppurr. Family and friends of the talented characters came to enjoy the awesome theatre about being locked up during these hard times we all are going through.

8a had put so much work and love in their performance and they all were brilliant, although Lina's scene was my favorite: she is such a young gifted pianist who played „Amélie“. During her performance pictures of the students from 8a wearing a mask were shown which made it all truly emotional. Besides, Rahel has a beautiful voice: she sang the song „Sunshine“ accompanied by Lina on the piano. The poems written by the students of 8a were so creative and good! I can recommend seeing this show, because of the work that was put in and their outstanding talents.

### **Theatre review by Felice B., grade 8a**

---

On Wednesday, my class performed a great show.

In the beginning, while the musician „Jan Prax“ was playing on the piano, everyone was walking around the stage. It was a little weird, but it was interesting. I don't remember the exact order, but I think then a few poems were read to the audience: of course everything in English! (;

Then the performers all sat in a row and pantomimed our everyday life.

I'm sure I've forgotten a few scenes, but I can still remember Lina's beautiful piano playing. She played „Amélie“. While Lina was playing, photographs of our classmates were displayed on a screen, showing us wearing masks. We looked serious and sad. And together with the piece „Amélie“ the pictures became even sadder.

That was my favourite part of the performance.

Next was Rahel on vocals, Milan on the trumpet and Tom on drums. Everyone was really great, but unfortunately the show simply went by too quickly.

In the end, short letters we had written during English lessons about the corona pandemic were presented. Mine was also read aloud, which amazed me. Due to the Covid regulations only few people could come and watch. Those who couldn't come really missed something!
